Special Sponsor  KOREAN AIR  PARATA AIR

Global UAM/AAM leaders from around the world will come together at the K-UAM Confex

The K-UAM Confex in Incheon, the hub of Asia, aims to serve as a platform for the UAM/AAM global industrial ecosystem. It is an event that combines a conference to discuss the latest technologies and trends in the UAM/AAM field and the exhibition to display the contents of various companies in the UAM/AAM industrial ecosystem.

The K-UAM Confex, which began in 2021, is where UAM/AAM leading cities and airports establish a cooperative system and connect with each other.

This year's 2025 K-UAM Confex will be a stage where productive meetings and active discussions will take place between various companies and institutions that will make up the UAM/AAM ecosystem around the world.

K-UAM Confex

K-UAM Confex Global Partners (2021 ~ 2024)

Cities	     
International Organizations	 
Airports	        
Corporations	                              
Universities and Institutions
